

GLAZED SHADES – AND TOUGH DURO

**GLAZED SHADES –
AND TOUGH**

DURO

**ORIGINAL EARTH CLAYS
WITH CLEAR GLAZES AND VERY TOUGH.
THE ONLY WAY THEY COULD BE
MORE NATURAL IS IF THEY WERE UNGLAZED.**

This tunnel kiln fired range is not only tough, its name is also the motto for the wide range of design possibilities. The classic split tile format meets modernity. A comfortable mix is born. The special hard glaze is unusual here, because the earth tones of tunnel kiln products are beautiful without a glaze. Nevertheless, there is a good reason for it. And the reason is that it is simply a question of taste. Whichever way you like, with extruded ceramic a terrace looks fantastic all year round.
