**CLASSIC AND UNMISTAKABLE
TUNNEL KILN FIRING,
FULL BODY, FULLY SINTERED,
LONG-LASTING, GLAZELESS
AND EASY TO CLEAN.**

Pristinely original and spectacularly natural at the same time. The warm earth tones and the unglazed surface give this flooring its effect. For tunnel kiln fired ceramic is ceramic in its most traditional, perhaps even its original mould. No glazing is required to achieve these intense shades of colour or the distinctive changing play of colour. In this range nature itself

**MADE IN

brings forth its own unmistakable beauty of colour through the special tunnel kiln firing. And, despite its beauty, it is still hard-wearing.
